## GERMANS HURL GREAT FORCE AGAINST THE FRENCH ALL ATTACKS REPULSED WITH FRIGHTFUL LOSSES

MAP SHOWING POINTS WHERE SMASHING ATTACKS ARE BEING DELIVERED TEN MILES SOUTHEAST OF GREAT ALLIED BASE.

The arrow in the map above shows where the Germans are delivering vicious blows at the Allied line between Moreuil and Hangard. The latter village is again in Franco-British hands. The Germans have claimed the capture of the heights north of Moreuil, and also Arrachis Wood, on the western bank of the Avre.

BRITISH LINES HOLD STEADFAST TO THE EAST OF AMIENS AND GERMANS ARE PREVENTED FROM MAKING GAINS.

THE DESPERATE BATTLING DURING THE DAY MARKS FAILURE OF ALL GERMAN ATTEMPTS, PLACING MASTERY OF BATTLEFIELD WITH ALLIES.

GERMANS CONTINUE TO ATTACK IN MASSED FORMATION, SUFFERING ALMOST UNBELIEVABLE LOSSES.

(By Associated Press Dispatch)

The French lines have held below Amiens and the Germans have been defeated with great losses in what probably is their most desperate effort yet to break in and cut off the communications of this important base from the south.

Similarly to the east of Amiens the British have maintained their steadfast defense and prevented the Germans from making any important headway there.

This battle, which raged yesterday and all last night, was fought along a line of approximately 40 miles south of the Somme.

In this great battle the contending armies fought with fluctuating fortunes, the French giving some ground on the north, but closing the engagement with their line not only standing where it was along its southerly course, but even advanced in one or two sectors where the Germans had been violently thrown back.

The British fought yesterday and last night chiefly on their southern front between the Luce and Somme, where the battlefield was a continuous one, linking up with the operations against the French. Here the British were thrust back out of a small salient that had projected in the neighborhood of Waffusee Abancourt almost directly on a line east of Amiens. This was the only advantage the Germans were able to gain in this whole sector, after hours of almost constant attacks in heavy force.

On that part of the front running eastward from Montdidier the French gave no ground but on the contrary drove in about midway between Montdidier and Lassigny. They held this ground against several counter attacks.

### FRENCH REPULSE ALL ATTACKS INFLECT HEAVY LOSS ON ENEMY

Paris, April 5.—(Associated Press Cable)—German forces continued their attacks during the night, says the official statement issued today by the War Office. Despite the superiority of the Germans' objectives which the statement says were spent recklessly, the Teutons were unable to reach their objective which was the railway from Amiens to Clermont.

The French regiments by their resistance and counter attacks maintained the line in its entirety, the war office announces.

The French troops countered taking the Epinette Wood north of the town of Orvillers Orrel. All German efforts to dislodge the Frenchmen were in vain. The French captured St. Aignan farm southeast of Grivesnes and held it against all assaults. In the north the French withdrew their positions to the west of Castel. They threw back the Germans from Arriere Cour wood west of Mailly Rameval.

### BRITISH PUSHED BACK

London, April 5.—(Associated Press Cable)—The British have been pressed back a short distance on the front east of Amiens to positions east of Villers Bretteux, the war office announces.

The Germans hurled large bodies of troops against the British between the Luce and Somme rivers, making repeated assaults. For the most part the enemy was thrown back with losses.

### NEW VALUATION OF THE TELEGRAPH

By Associated Press Dispatch.

Washington, April 5.—The Interstate Commerce Commission today ordered an investigation of the physical valuation of 45 telegraph and cable companies and of their financial condition similar to the valuation proceedings of railroads under way for several years.

The inquiry is understood to be undertaken principally to assist the commission in passing on rate questions

### ANGRY MOB STRINGS UP PRO-GERMAN

By Associated Press Dispatch.

Collinsville, Ill., April 5.—Kneeling with his arms crossed, Robert C. Prager, who was lynched by a mob last night at midnight for alleged disloyal utterances, lay in German for three minutes before he was strung up, according to a statement today by members of the party.

He was a coal miner and yesterday at Marysville in an address to the miners on socialism is said to have made remarks derogatory to President Wilson. Miners became angry and took Prager from his home and led him barefooted through the streets waving an American flag.

One mile west of the city the rope by which he had been led was thrown over the limb of a tree. He was asked if he had anything to say. His answer was to drop to his knees and with his arms crossed to pray in German for three minutes.

Without another word he was pulled into the air ten feet and allowed to hang. The mob then dispersed.

### MAY BRING REBUKE

By Associated Press Dispatch.

Washington, April 5.—Attorney General Gregory took to the cabinet meeting today a report of the lynching of a German, Robert Prager, at Collinsville, Ill., last night, for discussion with President Wilson. The Government is expected to denounce the mob's lawless act and to express the hope that there will be no recognition elsewhere.

Officials made plain that they deplored the incident both because of the effect in this country and also because it is feared reprisals may be made in Germany on Americans.

### A FAILURE

(Associated Press Cable)

London, April 5.—The Germans who yesterday resumed their attempt to reach Amiens and to separate the Anglo-French armies and who are still fighting for these objectives,

have, according to official reports, failed to widen the salient which is necessary for their security. The Teutons have, however, made some slight advances on the direct road to Amiens.

England is calmly watching on the map the result of this latest offensive and every scrap of news about it is read eagerly.

"Our difficulties and those of the enemy are fairly obvious," says the Standard. "We are suffering a heavy blow dealt to General Gough's army. The enemy on his side finds that the salient created through that local success is too narrow for his purpose."

### SECOND DRAFT MOBILIZATION

(Associated Press Correspondence)

Washington, April 5.—Orders for the mobilization of the first large number of men of the second draft will go out to the governors of the states very soon.

Fifteen thousand men of the second draft are now mobilizing and the April call to go out will represent probably more than the month's proportion of the 800,000 men who it previously announced will be called during the remaining nine months of the year.

To call the 800,000 in equal monthly increments would mobilize them at about the rate of 90,000 a month. However, there is no assurance that this will be a fixed figure because the flow of men will be determined by the needs of the army in France.

It has been announced that the men will be drawn as gradually and in as small numbers as possible so as not to dislocate industry and particularly agriculture.

If the need is pressing, however, the entire 800,000 might be called in much less than the nine months originally planned.

### REITERATES

(By Associated Press Cable)

Amsterdam, April 5.—An official announcement made in Vienna today reiterates the assertion of Foreign Minister Czernin which was denied yesterday by Premier Clemenceau of France that a conversation concerning peace has been held between Austria and France.

### FAYETTE'S LIBERTY BOND QUOTA IS \$554,000.00

By Associated Press Dispatch.

Cleveland, O., April 5.—Fourth District Federal Reserve Bank officials announced today the area quotas in the \$300,000,000 district quota for the third Liberty Loan.

Cleveland area composed of 29 counties, is \$91,817,250; Pittsburgh, composed of 19 counties in Pennsylvania and 6 counties in West Virginia, is \$126,338,950; Cincinnati area, composed of 28 counties, is \$37,828,950; Columbus area, composed of 11 counties, is \$13,329,750; Lexington, Ky., area, composed of 6 counties in Kentucky, is \$9,581,900; Toledo area, composed of 20 counties, is \$21,103,200.

Assignment of quotas to counties in Ohio was also announced. The following are included:

Knox, \$527,600; Clinton, \$567,200; Washington, \$1,184,150; Ross, \$1,119,150; Fayette, \$554,600.

### IN A BIG RAID

By Associated Press Dispatch.

Spokane, Washington, April 5.—Police today raided the headquarters of the Lumber Workers and Agricultural Workers' Union of the Industrial Workers of the World here, took 50 men to police headquarters and seized all books and literature in the room.

### IRISH CONVENTION CONCLUDES LABORS

(Associated Press Cable)

London, April 5.—The Irish convention which has been discussing the question of Home Rule for months concluded its deliberations today, says the Central News Agency.

### CONDEMNED NEGROES ARE EXECUTED BY THE MILITARY

First Execution in Camp Logan Since Camp Was Established.

Men Went to Death Calmly. Murder of Private Foley Executed.

By Associated Press Dispatch.

Houston, Texas, April 5.—In a little Arroyo within the limits of Camp Logan a score of persons this morning saw the first military execution held here since the camp was established.

Chas. D. Mann, and Walter Matthews, negroes, privates of Company I, 370th Infantry paying with their lives for the slaying of Private Ralph M. Foley, Company G, 130th Infantry.

The condemned men went to their death calmly and the entire proceedings lasted but a few minutes. The crime for which the death penalty was inflicted by court martial and approved by President Wilson was the murder of Private Foley who was guarding the negroes while they were engaged in cleaning up rubbish around the camp. He was stabbed in the heart. The negroes fled but were quickly recaptured.

### ROUND UP VAGRANTS SAYS GOVERNOR

Columbus, O., April 5.—(Associated Press Dispatch)—Governor Cox today issued a proclamation ordering all state officials to begin an immediate round up of vagrants and tramps and see they are put to work.

### PHOTOGRAPHERS ARE CALLED FOR

By Associated Press Dispatch.

Washington, April 5.—A call for 400 photographers registered in the draft to mobilize at Madison Barracks, Sackett's Harbor, New York, April 15 was sent out to 15 states today by Provost Marshal General Crowder. They will be put in the air service.

### BRAVE GIRL SAVES TRAIN

Young School Teacher Discovered Spike Between Rails.

By Associated Press Dispatch.

Toledo, O., April 5.—Discovering a tie spiked across the B. & O. track ten miles south of Toledo last evening, Grace Doyle, 20, a country school teacher at Roachtown, ran down the tracks, removed her coat and with it flagged a train approaching rapidly.

It was a freight followed closely by a heavy troop train. It took the crew 25 minutes to remove the obstruction.

## Tax Listers, Attention!

Personal property will be listed for taxation in the same  
manner as last year, each person owning or holding personal property of  
whatever nature is required to furnish a list for taxation on blanks  
furnished for that purpose. The law makes such person his OWN  
ASSESSOR and as such you are to return all taxable property in  
your possession on the 7th day of April at its TRUE VALUE IN  
MONEY.

Each return must be filled out complete and SWORN to within  
fifteen days and delivered to the County Auditor before the first day  
of May, 1918.

Failure to observe the law, penalties apply as follows: The  
taxpayers lose the exemption allowed by law and are also subject  
to a 50 percent penalty for willful neglect, and for false oath liable  
to prosecution for perjury.  
PLEASE NOTE:

Read and study your blank and instruction sheet before mak-  
ing entries. Your taxing district will be stamped on the blank when  
same is mailed. However, if you have moved into another taxing  
district, please change to your present taxing district.

If you have property to list in two or more taxing districts,  
please fill blank for each district and name same.

If not a merchant or manufacturer fill out and answer all ques-  
tions on blank EXCEPT on page 3.

Blanks must be complete as the County Auditor is PRO-  
HIBITED FROM RECEIVING RETURN UNTIL SAME IS DONE.  
In returning live stock do not fail to state NUMBER of animals  
in each class.

The agriculturist should fill out the 4th page.

Tax listers will find the blank furnished this year less difficult  
to fill out, and every one should make the effort to COMPLETE THE  
BLANK IN FULL and return same to the County Auditor's office  
at the earliest possible date. DO NOT WAIT UNTIL THE LAST  
DAYS. We ask your CO-OPERATION to this extent. However, if  
it is impossible for you to complete your list we are here to help  
you and will do it gladly.

Blanks will be left at the different banks and country stores  
over the county for the convenience of those who do not receive one  
by mail.

Respectfully,  
GLENN M. PINE,  
County Auditor.

## RED CROSS AUCTION ARTISTIC WORK ON ALLIED MENU CARD

Help the Red Cross by donating  
to the Red Cross Auction to be  
held at the Pythian Castle, under  
the auspices of the Pythian Sis-  
ters and K. of P. lodges, Wednes-  
day night, April 10th, beginning  
at 7:30 o'clock.

Telephone donations to Gregg's  
Shoe Store. Any saleable article  
acceptable. Public invited to at-  
tend the auction.

HE CAN REST FINE NOW

"I suffered greatly from kidney and  
bladder trouble," writes F. B. Fair-  
bank, 55 Grand River Ave. W. De-  
troit, Mich. "Had to get up six or  
seven times during the night. Foley  
Kidney Pills have worked wonders  
and I can recommend them as the  
best medicine I have ever taken."  
Tonic in action; quick, sure. Black-  
mer & Tanquary. Advt.

Copies of an artistic menu card  
the handwork of an officer of the  
Rainbow Division, used at a banquet  
of American and French officers held  
on the anniversary of Washington's  
birthday, February 22, have been sent  
to this city by Major Rell G. Allen,  
one of the guests.

The front of the card bears the  
French and American flags in colors,  
crossed, with "60th", the French unit,  
and 166th, the American unit above  
and below the crossed flags, and the  
word "Fraternity" underneath. The  
date also appears above the flags at  
the top, while over the French flag is  
the "ace" and over the American flag  
the "deuce" of hearts.

On the second page clasped hands  
are shown, with the significant names  
"LaFayette—Washington" underneath.  
The third page contains the menu,  
as follows:

Bouillon	
Pickles	Herring
Roast Pork	
French Fried Potatoes	
Creamed Asparagus on Toast	
Baked Beans	Salad
Cherry Pie	Doughnuts
Coffee	Rice Pudding
Cheese	Wafers
Cigars	

The following clever poem is on the  
reverse side of the card:

Sons of France we come to help you.  
Your LaFayette pointed the way.  
When he came at the call of Wash-  
ington.  
To our land in the olden day.  
We bring with us a new army.  
Not trained but willing to fight.  
For the cause that we know is just  
and true.  
Where right must conquer might.

The "Ace of Hearts" you represent  
At the top of the deck you play.  
While we as the lowly "Deuce of  
Hearts"  
Are looking for the way.  
While never the "ace" we may equal.  
The thing we will strive to do,  
Is to be the "King" just under the  
"Ace"  
And nearly the equal of you.  
A copy of the card is now on dis-  
play in Craig Brothers' window.

## ARMY MUST NOW DO TALKING FOR PEACE

Stopping at Yellow Springs on his  
way back to Washington after a part  
in the Wisconsin senatorial campaign  
Congressman S. D. Fess, of this dis-  
trict, addressed the Student body of  
Antioch College, this week, saying  
in part:

"The only way we can talk peace  
now is through our army. We must  
make up our minds to sacrifice to the  
finish. There is nothing to do but  
close our ears absolutely to peace  
talk and throw our might into the  
battle until we can make a real treaty  
of peace."

## SATURDAY GALA DAY IN JEFFERSONVILLE

Few recent events have attracted  
the widespread interest as the big  
Red Cross auction, at Jeffersonville,  
Saturday, which is expected to at-  
tract 2,000 or 3,000 people, including  
many from this city, and all indica-  
tions are that the Red Cross, through  
the untiring work of the committee  
back of the effort, will realize be-  
tween \$3000 and \$4000.

The sale begins promptly at 10:00  
o'clock and there will be something  
that should appeal to everyone who  
attends. Six auctioneers have been  
secured, and they will keep busy un-  
til the last article is sold.

## HARMONY MEETING SUNDAY EVENING

Considerable interest is being man-  
ifested in the patriotic meeting which  
will be held at Harmony church, Sun-  
day evening and which will be ad-

## WHAT IS LIBERTY?

Do you think that you inherit liberty merely by be-  
ing born, that it comes to you without effort just as you  
inherit eye-sight and your other natural possessions?

If so, you are making a great mistake.

Liberty is something that cannot be had for  
nothing. That is why it was said in the old days:  
"Eternal vigilance is the price of Liberty."

In these days

LIBERTY BONDS ARE THE PRICE  
OF LIBERTY

If you prefer American liberty to military au-  
tocracy, then you must do your share to see that it is  
not overcome and trodden under foot by the enemy.

If you cannot fight the enemy with gun and sword you can  
fight them with your money by buying LIBERTY BONDS so that  
America's brave soldiers will never lack anything that they need  
to help them to win the war and preserve Liberty.

Every LIBERTY BOND you buy is a blow struck in the

Social and Personal

The April meeting of the Woman's Missionary Society of the First Baptist Church was enjoyed by a large representation of the church women at the home of Mrs. Robert J. McLean, with the assisting hostesses, Mesdames Clarence Hard, C. F. Ballard, Curtis Kneisley and Campbell.

After the devotional service conducted by Mrs. Albert Snider, Mrs. Walter McLean sang a pretty vocal solo, accompanied by Mrs. J. Howard Hicks.

The month's subject was "Burma." Mrs. Hicks presented the principle paper, giving comprehensive and generous information, and Mrs. Charles Cramblit gave a reading, also on the subject.

Mrs. Fannie Kidd closed the program with a pleasing piano solo. There was also Victrola music, featuring new patriotic songs.

Mrs. C. F. Ballard made an impressive little talk in which she told the society that hereafter refreshments would not be served and the money put into them would be used in missionary work. The members echoed her sentiments that with the urgent call for money and the stress of world conditions the expenditure, even if small, in refreshments could be used to better purpose. The women were urged to tarry as usual in sociability.

Mrs. Clark Post acted as hostess to the fortnightly meeting of the Sugar Grove W. C. T. U. and also had charge of the program.

There were two good papers. Mrs. Pearl Darlington treating of "The Paramount Issue" and Mrs. Bertha Baker of "The Reason for their Prosperity."

Mrs. F. E. Haines read a story "Going Back Home." Victrola music and light refreshments rounded out an interesting afternoon.

The Cecilians will give the fifth number of the season's series of entertainments, Tuesday evening, April the 9th at 8 o'clock at the Federated Club rooms in the Y. M. C. A. building. A very beautiful program is arranged for this occasion, which is exclusively for the associate Cecilians and Junior Cecilians.

The spacious home of Superintendent and Mrs. William McClain on N. North street was gaily enfeet, Thursday night, when the Seniors entertained in honor of Miss Mary Donohoe, who leaves Saturday for Washington, D. C. to take up a government position.

The affair was thoroughly delightful distinctively marked by its class association, but tinged with the regret of the loss of a class mate.

A very entertaining program had been arranged. Misses Gladys McCord and Opal Stanforth each gave taking recitations, which were followed by an original ballad provoking fun galore, written and read by David Porter.

The First Vice President, Miss Mina French made a clever little presentation speech, in presenting the honor guest with a traveling case gift from the class.

Games, music and dainty refreshments wound up the evening's pleasure.

Supt. and Mrs. McClain were assisted in the hospitalities by their daughter Miss Eleanor.

Palms, ferns and flags were used effectively in the decoration of the Knights of Pythias Hall in Bloomingburg, Thursday afternoon, when the Wednesday Club gave a charming Red Cross Tea.

Nearly one hundred and fifty women called during the afternoon.

Mrs. Martin G. Morris gave a very instructive and enlightening talk on Food Conservation and the Bloomingburg Orchestra furnished beautiful music through out the afternoon.

The tea table was lovely a gold and white color scheme carried out, and center bowl of tulips. Mrs. John Browning and Mrs. Frank Hutson poured.

Mrs. Lucile Allemang, Miss Ethel Wilson, Mrs. Mabel McDonald, Mrs. Jean Allen, Miss Lora Morris, and Mrs. Helen Nisley composed the reception committee.

Miss Grace Fultz gave a miscellaneous shower of extremely pretty appointments in compliment to two popular young people, Miss Frances Howland and Mr. Will Henkle, whose marriage is an event of the near future.

The evening was throughout delightful, with Victrola and piano music and a variety of entertaining diversions, in which a "pleasure trip" was unique.

Lillies and jonquils were beautifully arranged in decoration and a delicious luncheon served.

Many handsome gifts were presented to the bride and bride-groom elect.

The guests besides the honor guests were: Misses Leona Atkins, Zoe Colaw, Bernice and Hazel Dray, and Elda Sever, Messrs. Cary Henkle, Walter Engle, Will Hiley, Glenn Bush Allen Henkle and Charles Fultz.

The dance under the auspices of the Chi Delta Chi, tonight at the Eagles' Hall is the event of the week in younger society circles.

The grand march starts promptly at half past eight o'clock. There will be good music and a number of out of town young people are expected.

Among those already here are Misses Dorothy Doster, Grace Ashling and Mary Head, Arnold Duncan, Clarence Shrock, John Mainse, George Christopher, Carrol Keane, and Robert Wolfe, of Greenfield, Miss Gladys Littleton, of Springfield, David Graham, of South Charleston, Gale Rauch, of Chillicothe, Misses Marie Allen and Lelia Culberson, Cary Gidding, Otho and Claire Culberson of Milledgeville.

The Milledgeville Red Cross Unit was indebted to Mrs. C. E. Ford and daughter Miss Ethel in extending the hospitalities of their home at the meeting of Thursday afternoon. There was a good attendance and Victrola music added pleasure to the afternoon's work of sewing and knitting.

The Unit meets next Thursday at the home of Mrs. Herman Acton.

Mrs. N. S. Craig leaves Saturday for Philadelphia, Pa., to visit her daughter Mrs. C. K. Knight. Miss Mary Donohoe accompanies her going on to Washington D. C. to take up the government position to which she has been assigned.

Mrs. Joseph H. Donnell and little son, Statson, who have been visiting Mrs. Donnell's mother, Mrs. Frank L. Stutson, leave this evening for their home in Chicago. Mrs. H. Renick Boggs goes back with her sister for a week's visit.

Relatives here to attend the funeral of Mrs. M. J. Augustus are the son, Sam Augustus, of Chicago; Mr. and Mrs. Add Burnett, son, Nolan, and wife, of Columbus; Mr. Harry Nolan, a brother, from New York, where he left the Barnum and Bailey show.

Capt. and Mrs. John P. Maynard were down from Columbus, for a brief visit with Capt. Maynard's mother, Mrs. K. C. Maynard.

Mrs. M. W. Clasen has returned from Montgomery, Ala., where she has been visiting with Mr. Clasen, of the 146th Ambulance Corps at Camp Sheridan.

Mrs. Ed. Glaze and sister, Miss Margaret Bahen, left Friday morning for Indianapolis, Ind., to attend the funeral of a cousin, Daniel Hurley, which will be held Saturday.

Messrs. Roy Hagler and Chas. McLean, Hon. Frank C. Parret and Will Woodrow of Chillicothe are on a business trip to Marysville, Ky., and visiting a large sheep ranch near Ripley, O., enroute.

Miss Rose McLean and Miss Carrie McCoy have returned from Orlando, Fla., where they spent the winter. Mr. and Mrs. Emmitt McLean, of Greenfield preceded them home a couple of weeks ago. Miss Carrie McCoy is visiting her brother, Mr. McCoy is recovering rapidly from her home on the Chillicothe pike. Mr. McCoy is recovering rapidly from the accident of a few days ago and expects to be in town Saturday.

Mr. and Mrs. Arthur Leland and son, John are spending a couple of days in Columbus the guests of Mrs. Leland's brother, Mr. J. A. Squires, and family.

Mr. and Mrs. Nolan Hathaway are entertaining Mr. and Mrs. Roy Hewitt of Columbus.

Miss Mayme Allerdissie, who for a number of years has competently filled a position in the Frank M. Fullerton Insurance office has taken the position as bookkeeper with A. L. Rhoades and Allerdissie, architects and builders. Miss Bess Shoop succeeds to Miss Allerdissie's position in the Fullerton office.

Misses Minnie and Achsah Mayo, Mabel North and Lina Skinner, and Mr. Rader, of Jeffersonville motored to Camp Sherman, Friday.

Mr. and Mrs. Ed Collier, of Greenfield were shopping visitors here today.

James Cheek, Jr., has returned to Camp Sherman after a five days furlough with his parents, Mr. and Mrs. James Cheek.

Mrs. Herman Acton was a shopping visitor from Milledgeville, Friday.

Mr. Cary Giddings, of Milledgeville, visited in Dayton today.

CASES DISMISSED EVIDENCE LACKING

In the cases of Carson Crawford, for furnishing intoxicants, and F. W. Hatfield, for keeping a place where intoxicants are sold, the charges were dismissed after a hearing before Mayor Dahl on Friday, and the state pays the costs.

The arrest of the two men, who reside in Waterloo, occurred some ten days ago, and it was announced at that time that booze had been handed out by the tin-cup full, but the evidence did not show that such was the

case, and the evidence being too slim to sustain the charges filed, the cases were dismissed.

Following the dismissal of the cases Crawford was arrested on a charge of being intoxicated and fined \$1 and the costs.

The accused men were represented by Tom S. Maddox.

FUNERAL SERVICES MRS. M. J. AUGUSTUS

## Another Peace Offensive

The reported speech of Count Czernin seems to be, in the opinion of Washington, but the clicking of another cog in the regularly running Teuton war machine, which, at stated intervals produces war offensives or peace offensives as the masters dictate.

Failing in the military offensive the war lords have fired, by Count Czernin's speech, the first big gun of a new peace movement designed to create confusion behind the lines. It, like the big gun in St. Gobain's Wood, is intended to fire over the army and drop the exploding shell among the civilian population.

So patent has the Teuton purpose been revealed, however, that the people of the allied nations refuse to be disturbed by the Czernin bombardment. Like every effort to create discord among the allies, Count Czernin's speech was expected and is doomed to meet with failure.

It seems remarkable that the Germans indulge in these regularly recurring activities, which the world has learned to expect in advance of their coming, just as certainly as they expect the sun to rise again, and when they must know, if they know anything at all, that an expectant world will not be in the least misled.

With characteristic Teuton stubbornness every move is launched according to schedule prepared long in advance of present conditions, whether any hope is held for its success or not.

## Every One Should Work

In some sections of the United States the people, through their representatives are enacting laws which compel every man, no matter how rich or how poor, to work or suffer the consequences, which may be a long prison term and a heavy fine.

That's the correct course too. There is no man living in all this broad land, unless he is totally incapacitated physically or mentally, who should be immune from rendering service to his country and to humanity.

Any man, in these times, who refuses to work, or neglects to work should be drawn up with a quick jerk, by the authorities and placed in some position where he can be of help.

If a man is too old to carry a gun there are a thousand and one tasks for him at home.

This whole nation, every man and woman, must come to "attention" and get busy—there is work for all.

The idlers who loaf about the streets day after day (and we have scores of them right here in Washington) are deserters from the nation's army of defense and there is no reason why they shouldn't be handled for what they are in fact.

If the officials need more laws to enable them to force these deserters into the ranks—let's get busy and enact those laws.

The farmers are sending out call after call for help while thousands of idlers stand about with never a thought that they should lend a hand.

If the laws don't reach quite far enough we believe, the mayors, the sheriffs, and the governors would be incurring no risk if they would reach out and exceed their authority just a little.

In war times, acting for the public good, executives can do a great many things, impossible in peace times.

## Why Not Meet Half Way?

Now since we've become accustomed to the new time giving us more daylight during the working hours, since we see that there is no confusion and no misunderstanding and that everything proceeds "as usual" it may not be out of the way to suggest that the rural folks meet the town folks half way and all—town and country go along by the same clock time.

That should not be a difficult task because the objection which rural folks made some years ago to the change from sun to standard time was that it shortened the daylight working time. That objection was well taken, too, because the folks in the country are compelled to "go by the sun." Any change which would give them more sunlight during the working day would be welcome but when it came to cutting the day short the rural folks said very flatly and very correctly nothing doing.

Standard time is in this locality twenty-eight minutes slower than the sun—so the rural folks clung to the sun time. Now the town folks have not only put their clocks up to sun time—they have gone thirty-two minutes ahead.

It looks like the rural folks could and would get in on the new change which is all their own way.

Folks in the cities and towns have found that the change, made last Saturday, is working admirably. We have more time for work and time left over for pleasure or for work in the garden.

It enables the busy man and the office man to "get through sometime."

## Poetry For Today

### JUST YESTERDAY

Just yesterday she held him to her breast,  
A tiny, helpless, blue-eyed baby boy  
And dreamed of days when he would stand a man  
Before her. Oh, her soul was filled with joy—  
Just yesterday!

Just yesterday her loving hands caressed  
His tousled, wind-blown hair and freckled face,  
And bound the hurts he knew. How tenderly  
She kissed each little scratch and bruised place—  
Just yesterday!

Just yesterday she saw him graduate  
And scarce could realize her boy had come  
To manhood's threshold. Oh, her heart beat high  
With hope for him, her stalwart, manly son—  
Just yesterday!

Just yesterday her country called her boy,  
She did not weep or rail at circumstance,  
But bravely bade him do his duty clear.  
He kissed her, then he went away to France—  
Just yesterday!

Just yesterday her hands were hard at work  
With bandages; and as she rolled them tight  
She whispered: "Maybe they will be for him,  
My boy, who's somewhere over there tonight."  
Just yesterday!

## Give Your Vacation to Your Country

Hey! All you high school huskies that are not old enough to carry a gun for Uncle Sam. Want to have a good vacation and make some money while your doing it? Old Uncle Sam is going to need every one of you this Summer to help on the farms. Get in touch with some farmer that will soon need your help and as soon as school is out go to it. Remember that every lad working in the fields these days is as much a soldier as the one in the trenches. Then when school begins in the Fall you can go back with good health and a bank roll. Take the money that you worked for and buy War Savings stamp or Liberty Bonds and it will be working for you while you are back in school studying.

## MILITARY EXPERTS LOOK FOR GREAT TEUTON DRIVE

Washington, April 5.—Renewal of the German assaults against the British and French lines in Picardy indicated to military observers here that the Germans, having gathered strength during the lull of the past few days, might now be ready to launch their greatest effort. Some officers think the allied commanders realize that only the first phase of the gigantic battle has passed and that this probably accounts for the fact that no extensive counter movement has been undertaken as yet.

It is pointed out that the previous record of the German high command argues against any possibility that it would be content with the minor strategic advantages already gained by their costly enterprise or with the abandonment of its plans without further attempts to force apart the French and British armies. The battle of Verdun continued for months before the Germans admitted their object was unattainable. Preparations for the present drive were so much greater and the object sought of so much more importance that officers here are confident the German general staff knew it was entering on a long, bitter struggle when the assault was planned.

## STARVING RUSSIAN SELLS HIS WIFE AND CHILDREN

Washington, April 5.—Starvation has reached such a point in certain districts of Russia that members of the impoverished classes are selling their wives and children for bags of flour, according to reports reaching the government through official channels. Food reserves are exhausted in most parts of the nation, crops are being planted and many farmer landlords are hoarding what supplies they have for extortionate prices.

Officials of the Kahan districts have appealed to the peasants to turn loose their grain reserves for relief of the starving population in neighboring communities and warned that hoarding may bring mob vengeance. Moscow, the new capital, is on the brink of famine, and officials there are making every effort to secure grain.

## RED CROSS ACTIVITIES

Local Red Cross workers will find inspiration in a first hand information from Paris sent to the Columbus Dispatch concerning the courage shown by Americans in Red Cross work.

Such a report as follows brings realization that women working over here have far the easier part aside from the standpoint of safety.

As the excitement incident to the first few days of the German offensive dies down, reports come in of the bravery in face of danger of various workers in the American Red Cross.

Women workers of the Red Cross who were aiding civilians in reconstruction and relief work at Villequier, near the river Somme, left their posts just two hours before the Germans arrived in the town. With their automobiles they aided in removing the civilians and picking up many wounded along the roads. The women were the last civilians to leave the town, just preceding the French troops.

Another Red Cross unit, stationed in a hospital just back of the lines, was ordered to evacuate in two hours. They left at 2 o'clock in the morning and were chased for miles by a German aviator before reaching a point of safety. The next day the unit went to a town near the fighting line and established soup kitchens for the troops and first-aid stations for sick refugees and wounded stragglers. The town was under continuous shell fire and the unit answered calls at all hours to give first aid to those wounded by the enemy shells.

### Twelve Hour Shifts

The unit then took over complete charge of the operation ward in a hospital, the nurses working in 12-hour shifts in attending to a dozen wounded soldiers, who were injured two seriously to be carried farther back. The women also acted as stretcher bearers throughout the hospital and took over a hotel in the town and conducted it for the use of Red Cross workers and British and French officers. They carried tea and coffee to soldiers on transports and wagons as they moved through the town. Some of the men had not had anything to eat for many hours, sleeping on their horses or along the road side under all kinds of weather conditions, including a heavy rain.

Four American army medical officers, attached to a Red Cross hospital behind the Franco-British front, declared their intention of remaining there "until hell froze," despite the removal of the patients to points of safety by automobiles. The drivers of the motor cars returned with a few American Red Cross nurses, and the nurses and the doctors worked night and day taking care of the seriously wounded French and British troops brought in from the battle line, only a few miles away. Heavy artillery, near the hospital fired over it, and German airmen flew over it at night, attempting to locate the battery, and the hospital was in constant danger. Sleep was impossible for three days.

### Work of Drivers.

The ambulance drivers picked up wounded stragglers and also aided 300 refugees in reaching a railway station. They also acted as grave diggers and pallbearers for soldiers who died of their wounds. The Americans in this hospital saved the lives of scores of soldiers who would have succumbed to their wounds had they not received immediate medical attention.

### Good Work Going On

Each Tuesday afternoon finds an increasing number of women of the Cherry Hill Red Cross Unit hard at work under the direction of Mrs. Albert Snider, chairman. Mesdames Harry Flee and Grover Taylor assistants.

All though only organized in January this Unit has completed 75 shirts, 79 draw sheets, 26 wash cloths, 16 sweaters, 9 pairs socks, 12 property bags, and 1 pair wristlets.

### Red Cross Auction

Red Cross interest will center the coming week in the auction to be held at the K of P. Castle, under the auspices of the Pythian Sisters and Knights of Pythias, next Wednesday night, April the 10th.

It is hoped to make the affair a big success that will bring in a large sum for the purchase of much needed materials for Red Cross work.

All donations will be appreciated both by the orders and the Red Cross. Phone what you will give to Gregg's Shoe Store and save next Wednesday night for the auction.

## SEED CORN ON WAY WITH NEARLY EVERY BUSHEL DISPOSED OF

The car load of seed corn from Pennsylvania is now on the road to this city, and is expected to arrive within the next few days.

The advance sale of the corn has reached approximately 700 bushels, and dozens of other farmers have made inquiry regarding the corn.

The corn is said to be an exceptionally good grade of Pennsylvania corn, which is expected to do well in Fayette county.

Scores of farmers are now engaged in making ear tests, and selecting only those ears which show high germination to be used as seed. By the ear tests, where the grains are planted or otherwise treated so they will sprout, there can be no failure in obtaining proper seed, providing there is such in the corn tested.

The seed corn problem still remains a serious one in Fayette county, and the farmers who wait until the last minute before obtaining seed corn may find that none is obtainable while the farmer who plants untested seed is expected to learn a lesson that he will never forget.

Tonic's Good Effects Upon W. R. Hess Too Marked to Escape Notice.

The following signed statement, given by Mrs. Ella Hess, of 217 Liberty avenue, Fairmount, W. Va., is one of the most remarkable bits of praise ever given to a medicine. It is a message to sufferers that should be carefully read:

"My son, W. R. Hess, has suffered extreme nervousness for about seven months. Doctored all this time but did not show much improvement. All run-down, no sleep, no rest, very poor appetite, not able to work. Was fireman on the B. & O. R. R. He used one bottle of Nerve-Worth. His condition seemed right smart better. He sleeps. Fine appetite. Digests his food. The doctor advised him to continue taking Nerve-Worth. As the doctor noted the improvement in his patient's condition and said it was the best medicine for him—to keep on taking Nerve-Worth, I recommend it.

### DR. E. D. MADDUX DIES OF INJURIES

Dr. E. D. Maddux, of LaCrosse, Ind., son of Mr. Nelson C. Maddux, residing one mile west of this city on the Sabina pike, was fatally injured in a street accident in Chicago Thursday evening, and died at the West Side Hospital in that city some time during the night, word of his death being received by his relatives here Friday morning.

Dr. Maddux was born near New Holland and graduated from the Chicago College of Medicine and Surgery and located in LaCrosse, Indiana. He leaves a wife and one small child, and a number of relatives at this point, John, George, Carson and Samuel Maddux being brothers. Two sisters also survive, Francis at home, and Mrs. G. M. Anderson, of Nebraska. The remains will be brought to this city for interment.

### FORMER GOVERNOR WILL SPEAK HERE

Former Governor Frank B. Willis will speak in this city Saturday afternoon, April 13th, from the court house steps, in the interests of the third Liberty Loan. The hour of his address will be announced later.

Mr. Willis will devote much of his time during the next four weeks to the cause of the third Liberty Loan, and will discuss various phases of the war and its relation to the individual.

It is announced that his address will be purely patriotic, all politics being barred from addresses delivered by Liberty Loan speakers.

### OAKLEY TO SPEAK AT CHURCH OF CHRIST

Rev Chas. R. Oakley, of Portsmouth, President of the Ohio Christian Missionary Society will speak at 7:30 at the Church of Christ this evening. The meeting will be in the interest of the "Emergency Drive" being made during the month of April, when it is planned to raise two and one half millions of dollars, by this religious body to meet needs incident to the war.

### LIBERTY BELLS WILL RING AND WHISTLES BLOW SATURDAY 2:30

Saturday afternoon at 2:30 o'clock all bells and whistles in the city sound for ten minutes in celebration of Liberty Day, announcing the beginning of the Third Liberty Loan campaign, and carrying to all the warning that the world is still on fire and that everyone must aid in the serious business of smothering the flames so that Liberty may prevail.

One year ago tomorrow America entered the great world war to turn the tide against the Teuton brutes who are striking at the very foundation of liberty, and Saturday, therefore, is the first anniversary—Liberty Day.

The bells and whistles are expected to remind everyone, old and young and rich and poor, of their duty to their country; to mankind and to themselves—the purchase of Liberty Bonds, and that upon the individual rests the winning or losing of the war. As the bells ring and whistles blow, don't forget the message—and the warning.

This is to complete a plan to raise six and a half million dollars over four millions of the amount having already been secured. Delegations from Sabina and Bowersville and other churches will be present. D. Emmitt Snyder singing evangelist of Sabina will sing a solo. A cordial welcome to everybody is extended.

### CREAMERY STOCK

We have for sale shares of the seasoned, non-taxable 7 per cent cumulative preferred stock of the West Jefferson Creamery Company. Creameries located at Columbus and Zanesville. Never passed a preferred stock dividend. Stock sells at par, \$100 per share. Dividends payable in April and October. A representative of this Company will be at the office of Hitchcock and Dalbey, Friday and Saturday of this week. Call and hear an explanation of this stock. 81 tl

### DEATH SUMMONS OCTOGANARIAN

Mrs. Abner Sparks, one of Washington's respected and oldest citizens,

died Friday morning at her home on the corner of Pearl and Campbell streets, at the advanced aged of 85 years.

Last summer Mrs. Sparks suffered a fractured hip in a fall and on last Tuesday a stroke of paralysis followed an attack of the grippe.

Every possible care was given the aged mother by her devoted children, three daughters, Katie, Bell and Nettie, and two sons, George S. and John O., who have the sympathy of many friends.

Funeral announcement will be made Saturday.

### SAD WORD RECEIVED

Mrs. M. F. Lahy of this city received the sad news of the death of her grandmother, Mrs. Eliza Alexander, of Spargersville, at the advanced age of 94 years. Mrs. Alexander was the oldest resident of that community.

Mrs. Hayne Blake, Samuel and Eva Alexander also of this city are grandchildren. They left on the morning train to attend the funeral.

GIRLS WANTED — LARRIMER LAUNDRY.

### CHICKEN GROWTH

Says Mr. Lamon, Senior Poultryman of the Department of Agriculture, can be hastened if they are given buttermilk to drink, and experiment stations and large poultry raisers have proven the value of buttermilk in raising larger, healthier and more profitable chicks and chickens. The trouble has been in getting a steady, reliable supply free from disease germs which so easily affect the delicate baby chicks.

With a bag of Conkey's Buttermilk Starting Food on hand you are always sure that you have enough good buttermilk ready for your chicks.

It contains pure buttermilk reduced to powdered form, with its valuable lactic acid that helps the delicate digestive organs of the little chick. Mixed with it is a combination of clean, wholesome grains, a ration balanced just right for baby chicks. It is the ideal baby chick food from every standpoint. You pay for the actual buttermilk only, not for waste water.

BROOKSIDE POULTRY FARM  
Chambersburg, Pa.

We fed Conkey's Buttermilk Starting Food last season and raised a much larger percentage of good strong chicks than in previous years. It seems to be just what they want to make them grow into good, vigorous chicks, as it does away with that most dreaded disease, WHITE DIARRHOEA.

# WHAT OHIO HAS DONE DURING THE FIRST YEAR OF THE WAR

By Associated Press Dispatch.

Columbus, O., April 5.—During the first year of the war against Germany ended today, Ohio has played a leading role, a role that perhaps ranks second only to that of New York, with her great metropolis and its enormous financial contributions.

Already the Buckeye state has more than 100,000 of her sons in the army and navy.

More than 3,000 Ohioans—formerly members of the old Fourth Regiment, Ohio National Guard, and now the 166th Infantry—are on the firing line in France with the Rainbow Division.

Forty thousand Ohio men have been drafted, moved to cantonments and started in training under the selective draft act. Most of them are or have been in training at Camp Sherman, Chillicothe, O., where the first Ohioans reported last September.

Approximately 30,000 more Ohioans are in the ranks of the Ohio National Guard, now federalized as the 37th Division of the regular army, which is in training at Camp Sheridan, Mont-

gomery, Ala. The strength of this volunteer division was 27,643 men, all from Ohio, on August 5 last, and it since has been increased.

There is no known record of the total number of Ohio voluntary enlistments in the regular army, the navy, the marine corps and the various other branches, including aviation, but the number has been estimated at from 40,000 to 50,000.

Ohio is one of the three states that boasts a complete division of volunteer troops—the National Guard division now at Montgomery. That organization is a source of pride to Ohio. All its officers and all of its men are natives who offered their services to their country.

Outside of its great man power represented in troops, the state has between 5,000 and 10,000 officers in service. They are graduates of the various training camps. A big percent of them command Ohio troops, too, many of them having been assigned to Camp Sherman at Chillicothe.

## AVIATION.

Ohio has taken more than a leading part in the training of aviators for the army. The state boasts of the largest ground aviation school in the United States, and has within its borders one of the largest flying schools in the country, in addition to several private schools. More than 1,000 student aviators are in training at Ohio State university, and several hundred more are obtaining actual flying experience at the government school at Fairfield, near Dayton.

Both schools are under the supervision of army officers. A new private school—the Wilbur Wright school—will be opened at Dayton April 15 under the supervision of the government. In addition to the schools, Ohio boasts of several airplane factories.

## THE LIBERTY LOANS.

There is another source of pride for Ohio in the money she has given to help carry the Stars and Stripes to victory.

In the first Liberty Loan campaign the state contributed \$168,417,900. In

the second Liberty Loan campaign the state almost doubled this sum, contributing \$269,180,300, making a total of \$437,598,200. Her quota for the third Liberty Loan campaign, beginning tomorrow, is between \$250,000,000 and \$300,000,000. Campaign workers have no doubt but that the third loan will be greatly over subscribed.

## THE RED CROSS.

In the Red Cross drive, exclusive of the hundreds of thousands of dollars contributed before and after it and not including the thousands of dollars worth of knitted goods, clothing, etc., the state gave \$10,037,428—much more than its quota.

## WAR STAMPS.

The state's quota for 1918 in the War Stamps is \$106,000,000. The campaign has been under way but three months and not the least anxiety is expressed but that Ohio will reach and over-subscribe her allotment.

## THE Y. M. C. A.

In the hundreds of other ways that have been open to the giving of aid

in furthering war plans and in war defense measures, the state's rank is equally as high. Thousands of dollars have been contributed to the work of the army Y. M. C. A. and the Knights of Columbus.

## MANUFACTURING.

Not the least is Ohio's manufacturing of war materials and engines of war. Her airplane factories are world famous. Her automobile and automobile truck plants, observation balloon establishments, and the hundreds of machines turning out war munitions and equipment of every possible description, rank in number and importance the greatest of any state in the Union, with possibly one or two exceptions.

## WOMEN OF THE STATE.

Women of the state organized a branch of the war council, taking up work relating to food and its conservation, child welfare, Liberty Loan and War Savings Stamps, health and recreation (in connection with Red Cross), started educational propaganda and prepared for broad and pro-

tective work for girls, maintenance of existing social agencies, nursing, training classes, etc.

## FARM WORK.

All agencies joined in going after greater production and greater acreage, the work of the war council, the Ohio State university and its Extension Department and the Food Administration being closely interrelated. First year results included release by colleges and schools of many students for farm work increased in both acreage and production of farm crops helping get farm labor and harvest help, giving information regarding seedling, assisting in expediting carload shipments of agricultural supplies, conducting public meetings to arouse the farmers, stimulating home gardening and vacant lot gardening, issuing literature bearing on many war conservation topics, and conducting demonstrations in canning and food saving.

## HEALTH DEPARTMENT.

In obtaining information through the committee on health, hospitals and nursing, concerning problems under

these three headings, which will be given the surgeon-general of the army and in making recommendations after surveys for taking care of Ohio soldiers having tuberculosis.

There is no possible estimate of many other sorts of work that has been done—the willingness of the state's people to abide by requests for conservation of food and resources the development of a spirit of patriotism and the stopping of pro-German propaganda of many sorts, the work that has been done to make the training period of troops at the two Ohio camps pleasant and as homelike as possible, the formation of clubs of women everywhere to help in many ways to back the state's big man power—all of these have value that cannot be reckoned.

With such a record in the first year of the war, and with her wheels oiled to carry a still greater load, Ohio can be looked to for mighty things during the second year of the war—a war to crush under heel the world conquest ideals of Kaiserism and Kultur.

## STEEL MEN MUST HURRYWORKALONG

Washington, April 5.—To speed up the shipbuilding program the war industries board issued orders to steel mills and fabricating plants to make 100 per cent deliveries on all orders for steel ship plates from the emergency fleet corporation. This will give priority to these orders over all others and supplements recent orders to the mills to turn out no plates for commercial purposes.

The action of the board followed complaints made before the senate

commerce committee by George J. Baldwin, chairman of the board of the American International Shipbuilding corporation, which is building fabricated ships at Hog Island, Pa., that his yard and some others are short of ship steel.

At the war industries board it was said that there was no general shortage of the ship steel, but it was conceded that shortages probably existed at some individual yards. During the last three months, officials of the board asserted, sufficient steel to build ships at the rate of more than 6,000,000 tons a year has been turned out for the fleet corporation alone.

## MONO, DRAMATIC ARTIST, IS BOOKED BY TEMPLE LODGE

Temple Lodge No. 227, I. O. O. F. is bringing a foremost attraction to Washington on Tuesday, April 9th at eight p. m. for the benefit of the Red Cross in Newton Beers, Mono-Dramatic artist and International entertainer.

The Social Committee of the Lodge acting with Noble Grand, G. C. Kidner, feels that an engagement extraordinary has been secured and singularly in accord with the "Triple Link Brotherhood."

Newton Beers will present his powerful Biblical play "The Shepherd and the King," depicting the immortal heroes Johnathan and David, as these fraternal heroes appear in the Red Blood of Odd Fellowship.

This dramatic artist has been endorsed by the greatest men in the I. O. O. F.

Mr. Beers not only characterizes his play from memory, but also possesses the gift of being able to so change his voice and action as to enable him to differentiate the various personalities of each character in the story of the play as he proceeds. He is probably one of the most widely known and generally esteemed Odd Fellows in the Order today through his masterly interpretations of "The Shepherd and the King," which he has presented to over two million Odd Fellows and their friends, under the auspices of over five thousand lodges.

The I. O. O. F. Temple will be

thrown open for a public assembly the night of Brother Beers' appearance and fraternal welcome will await all Odd Fellows, their wives and friends.

An admission of 35 cents will be charged, the net receipts of which go to the Red Cross.

The committee includes J. A. Hyer, chairman, W. E. Craig, W. L. Vincent.

## 19,000 SWATSTICKS ON WAY TO FRONT

The big leaguers have loaned their names to a series of 19,000 swatsticks which are now on the way to the American front as a part of the regular Y. M. C. A. athletic equipment for the soldiers in France. Announcement has just been received here from the National War Work Council of the Y. M. C. A. that an entire carload of ball bats left Kentucky just recently for an Atlantic port.

It is to be hoped that these 19,000 pill smashers for the boys "over there" will not be found by a German "sub" and sent to the bottom of the North Atlantic, for baseball means more to the soldier boy than almost anything else—and its one of the things that is giving him the will to win, too. These bats, twelve models of them named after the famous long distance hitters, are expected to prove of tremendous assistance to the boys from the United States when they are ready to dent the lines of the enemy and make the best showing in the box score.

Ty Cobb leads the models in popularity, as he has led the American League for so many years in the batting averages. Speaker, Collins, Baker, Kauff, and Jackson are represented by thousands of models which bear their names. The others all have their uses. For instance, Babe Ruth, as dangerous to opposing pitchers as he is to opposing batters, has numerous followers because although he is without the benefit of being in the game every day, he is there in a pinch.

## GROOM 81 YEARS AND BRIDE IS 23

The simple notice that Wm. T. Matheny, Haden, Ohio, and Emma Hughes, Greenfield, Ohio, were married in Judge Worley's office yesterday morning by Rev. J. O. Enrick gave no hint of the vividly romantic features connected with it.

In response to a tip a Gazette representative got the story from the happy old-young couple. The little "God of Love" surely does send his tipped dart to unexpected destinations. They were found taking their wedding breakfast in Hilliard's restaurant and cheerfully consented to an interview. Their faces radiated genuine happiness. Though the groom acknowledged to eighty-one years and the bride to twenty-three, there was no evidence of "December and May" conditions when ages were given.

It is the groom's fifth venture, the bride's first. He is a Civil War veteran and would easily pass for sixty years. In his selection of brides he has gone to five counties—Adams, Brown, Pike, Fayette and Highland and has eleven children and thirteen stepchildren.

The bride has been living with a sister in Greenfield, as her parents are dead. She wrote a note saying "I am going to run away and get married" but her heart failed her and she told her sister. She said "I could not bear to leave her that way."

With more gallantry than some young men of the day show, he went to Greenfield and brought her to Hillsboro to be married. He said he had a home ready and they were going to housekeeping at once.

The bride is a pretty brunette, pleasantly modest of manners and seemingly highly satisfied with her marriage.—Hillsboro Gazette.

### STREET CROSSINGS AGAIN DANGEROUS

It is generally agreed among automobile drivers that the intersection of North and Court streets is the most dangerous in the city, and at the present time the danger is doubly great because of the extremely bad condition of the crossing, a large depression having been formed at the most inconvenient point in the intersection.

The cost of placing the crossing in something like fair condition would be very small.

## NAB "SPIES" IN COLUMBUS

Columbus, April 5.—Traded as a spy suspect for two years by department of justice agents, George Von Rottweiler, general manager of the Paramount Motor company here, was arrested and taken to Rochester, N. Y., shortly after he had been commissioned a captain in the United States army. His constant companion and employee, Frank H. Newbert, a high class mechanic, who is reported to have told friends that he was an escaped subject of the German army, is in jail here. They were arrested by United States officers and held on a technical charge for investigation of their citizenship. Both are said to be subjects of the German empire and to have failed to register under provisions of the alien enemy act.

### FINDS GOOD APPLES STILL ON GROUND

While it is hardly the time of year that one may expect to walk right out into one's orchard and pick up enough apples to make a fresh apple pie or a cobbler, yet Dallas Carey, of this city, has been carrying the proof right around in his own pocket that he did it last Sunday.

In rambling around in the orchard Mr. Carey chanced to find on the ground a lot of apples, a number of which seemed to be in perfect condition. He "nibbled" at a few of them and picked up enough to offer as evidence that the severe winter weather—and it deserves the name of severe without argument—did not destroy even the peeling on the russet apples with which the ground is still covered out at Mr. Carey's home.—Washington News.

### ENORMOUS COST

Washington, April 5.—The great war thus far has cost over \$100,000,000,000, according to Representative Hull of Tennessee, financial authority in congress. "Despite the predictions of experts four years ago that it would be utterly impossible for the most important commercial nations to finance a war of this magnitude for but a brief time," Hull said, "the great expenditures have piled up in excess of \$100,000,000,000—a cost to every man, woman and child on the globe of more than \$50 each."

Just received a car of cotton seed meal and a car of dairy feed. The Fayette Grain Co.
